# THE PASSION FUND

*"Life is a daring adventure  
...or nothing!"*

These words spoken by Helen Keller, who although completely deaf and blind, believed life should be lived to the fullest no matter what the circumstances. Keller went on to say, **"Many persons have a wrong idea of what constitutes true happiness. It is not attained through self-gratification but through fidelity to a worthy purpose."**

The Passion Fund was set up to reward the "worthy purpose" of the best of the Kansas City area home school community who have a "daring adventure" to pursue. **The purpose of The Passion Fund is to help motivate young people to find their passion and pursue it.** This country was built by people who took big risks to pursue big dreams. God has given home schoolers the unique opportunity to think "outside-the-box" in how they pursue their children's education.

To put Helen Keller's words in that context ... why bother to home school unless we're going to raise up our children to be all they are meant to be, to pursue God's purposes in an all out daring adventure?
